

## **Frequentis has been awarded the Global Player Award by the Austrian Federal Economic Chamber**

- **Frequentis stands out for its international presence, innovative strength, and strong market position**
- **The Global Player Award recognises leading Austrian companies with a strong international footprint**
- **Quality, innovation, and reliability as drivers of growth**

Frequentis AG was presented with the Global Player Award, a special prize from the Austrian Federal Economic Chamber (WKO). The award was presented on 28 May 2026 by WKO President Martha Schultz during the Exporters' Night.

With the Global Player Award, the Austrian Federal Economic Chamber honours companies that hold a strong position in the global market and serve as role models for other businesses. Key assessment criteria include, amongst others, the company's international footprint, market position, pioneering role in selected markets, export strength, and global presence through overseas branches and partner networks. The number of employees in Austria and abroad is also taken into account.

“Being recognised as a global player underscores Frequentis' position as a flagship Austrian company with a global presence, a high level of international competitiveness, and strong roots in Austria,” says Frequentis CEO Norbert Haslacher. “We stand for quality, innovation, and reliability among our 550 customers in over 150 countries. To ensure we are always close to our customers, we serve the global market through around 45 subsidiaries.”

The publicly listed family-owned company, based in Vienna, Austria, provides solutions for national safety-critical infrastructure and is firmly committed to its guiding principle “For a safer world”. Frequentis' solutions are used in control and command centres, supporting those responsible for the safety of people and goods.

## About FREQUENTIS

Frequentis stands for a safer world. Our solutions are used in our customers' command and control centres to help them make the world safer.

Frequentis is a world leader in high-tech solutions for Air Traffic Management, supporting both civil and military air traffic control organisations, as well as Public Safety and Transport, where police, emergency rescue services, fire brigades, railways, coastguards, and port authorities rely on our extensive portfolio.

The listed family business based in Vienna, Austria, drives innovative and sustainable solutions for safety and security in everyday life and in the safety-critical sector. Its air traffic optimisation solutions for air traffic control centres are contributing to reducing emissions.

As a global player with more than 2,600 employees (full-time equivalents/FTE), Frequentis has a worldwide network of companies in over 50 countries. Its products, services, and solutions are used in around 150 countries. Shares in Frequentis are traded on the Vienna and Frankfurt stock exchanges; ISIN: ATFREQUENT09, WKN: A2PHG5. In 2025, revenues were EUR 580 million and EBIT was EUR 47 million.
